## SUMMARY

I am a Mechanical CAD Designer with experience in developing detailed 3D models and CAD drawings. My proficiency in Solidworks and AutoCAD, along with my attention to quality checks, has enabled me to contribute significantly to critical defence projects. I am passionate about utilizing my design skills to enhance product development and accuracy.

## EXPERIENCE

### Mechanical Cad Designer

#### BHUMI ENTECH EQUIPMENTS PVT.LTD

📍 New Delhi, India

A company specializing in tools and equipment for engineering applications, particularly in defence.

- Developed CAD drawings to create visuals of the product to ensure accuracy of design
- Developed intricate 3D models, resulting in more accurate representations of design concepts
- Reduced errors in final designs by conducting thorough quality checks on all CAD files
- Assisted in the preparation of engineering drawings and BOMs for production

## EDUCATION

### Bachelor of Commerce

#### Subharti University

## PASSIONS

**Passionate about work  
, I always complete my  
task on time.**

## STRENGTHS

### Technical Skills

Solidworks, Autocad, Coreldraw for preparing 2d and 3d designs and programming knowledge in Artcam

### Technical Machinery Operation

Hands-on experience with CNC machine and Laser Print Machine

### Engineering Experience

Experience in working on various defence projects and expertise in geometric dimensioning

### Electronics Knowledge

Basic knowledge of electronics

### Your Strength

Explain how it benefits your work.

## SKILLS

CNC Machine

Laser print machine

Critical thinking

Team management

Decision making

Collaboration
