EXPERIENCE Home Tutions 2022 - Present

- With over two years of experience in tutoring students from various schools, I have successfully taught more than 30 students across different grade levels, ranging from LKG to 8th class.
- I have worked with students following both CBSE and JK Board syllabi, delivering comprehensive lessons in all subjects.
- My commitment to providing personalized, student-centered instruction has resulted in exceptional outcomes, with all of my students achieving above 90% in their respective examinations.
