## EXPERIENCE

---

July 2022

-

### Car Evaluator

HotWheels- InstaCar(Kolkata)  
My responsibilities in this organisation encompass conducting thorough vehicle inspections at designated locations, generating comprehensive reports, offering estimated valuations based on the inspection findings when requested, and addressing customer inquiries in a professional manner. Along with that, I was also involved in the sales team and was responsible for pitching our goods and services to the potential customers(leads generated by the concerned department).

February  
2014 -  
March  
2018

### Automobile Engineer(Quick Service)

Maruti AutoVista( Mumbai)  
During my time as a full-time technician, I excelled in providing expert servicing for four-wheeled vehicles. I showcased confidence and proficiency in repairing various engine parts, contributing to the overall efficiency and effectiveness of the repair and maintenance services provided.

- January  
2014

### Automobile Engineer ITI

Star Garage( Mumbai)  
During my apprenticeship at this automotive garage, I had the opportunity to work hands-on as a junior engineer. This experience allowed me to gain valuable practical knowledge and skills in automotive engineering. I underwent comprehensive training, which provided me with a deep understanding of various aspects of automotive technology and repair. This experience was instrumental in shaping my career and equipping me with the expertise needed to excel in the field of automotive engineering.

## EDUCATION

---

2010

### Automobile Engineer

Department of Higher and Technical Education-
