Vysakh Viswam A B

Thiruvananthapuram, Kerala 695573

vysakhviswam123@gmail.com

6282382243

Enthusiastic and self-motivated tech and automotive enthusiast with a background in mechanical engineering and a deep passion for cars, technology, and innovation. Strong understanding of automobile systems, brands, and performance, especially in areas like diesel engines, tuning, remapping, and car modifications. Actively follow trends in automotive tech, EVs, and connected vehicles.

Certified in Excel, WordPress, AI tools, and cybersecurity, with growing expertise in UI/UX design and AI-driven platforms. Skilled in combining technical knowledge with customer-focused communication—ideal for roles in automotive sales, service advising, or tech-enabled dealership operations.

A quick learner and highly motivated individual, eager to contribute to dynamic teams in the automobile or tech sectors. Ready to start immediately and prove value through hard work, adaptability, and passion.

Willing to relocate: Anywhere
