Plus Two  
91 percentage
- Government Engineering College, Palakkad** 2018-2022  
BTech in Electrical and electronics engineering  
Not passed yet

## Experience

---

- Renault Nissan Automotive India Private Limited, Chennai** January 2025 - Present  
Trainee in check and Repair (Paint shop)  
I'm doing apprenticeship at RNAIPL Chennai in check and repair (paint shop) where the vehicle body after painting is carefully inspected to check and repair even the minute defects on the vehicle body like dust, lint, orange peel, touch mark, contaminations, over spray, dent, bulge, line mark etc. The repairing process of these defects include touch up using trizact, compact tool with buff polish and double action sander (for dark colours with polish), painting on the persisting defect area, baking the painted area. Our work also includes applying sash tape and A pillar tape, waxing for anti-corrosiveness and final inspection in the check man to make sure that the vehicle body is perfectly fine for the next stage of production.
