

## Rohit

### RESUME SUMMARY

As a passionate Mechanical Engineering student with hands-on experience in welding, grinding, and AutoCAD design, I aim to innovate and excel in the manufacturing industry. My internships in production technology and service engineering have equipped me with valuable skills in production planning and mechanical testing.

### PERSONAL DETAILS

Current Location Karnal  
Date of Birth June 5, 2004  
Male

### EDUCATION

#### Graduation

Course B.Tech/B.E. ( Mechanical )  
College Government Engineering College, Nilokheri, Nilokheri

#### Schooling

	Class XII	Class X
Board Name	Haryana	Haryana
Medium	English	English
Year of Passing	2021	2019
Score	90%	75%

### INTERNSHIPS

#### Ashish Polybaga | July 2024 - August 2024

- Learned basics about production technology in industries. Gained experience in the plastic/polythene industry .

#### Globe Toyota | July 2023 - August 2023

- Learned basics about dealing with various problems in services and accidental services of toyota vehicles at workshop level.

#### Central Tool Room & Training Centre (CTTC) | August 2022 - September 2022

- Learned basic operations of 2d and 3d entities in designing and applications of Autocad tools in designing and prototyping.

### PROJECTS

#### Edge Grinding Machine | August 2023 - December 2023

- On the bases of subjects given for project making for the final assessment of project group . Edge Grinding machine was built on using various techniques like welding ,Cutting , Drilling and Designing of project on Autocad on bases of manufacturing engineering.

### WORK EXPERIENCE

#### Globe Toyota | July 2023 - August 2023

- Trainee:Worked as a undergraduate trainee / intern during summer internship deal with basic knowledge and services in globe toyota service departement

### AWARDS AND HONOR

- Part of National cadets corps unit in College

### ACHIEVEMENTS

- Received scholarship in B.Tech/B.E.  
- Top 10 in class in school

### GET IN TOUCH!
