Profile

Driven pharmacy professional with six months of hospital training, demonstrating a commitment to enhancing patient care in a dynamic healthcare environment. Proficient in medication management and patient counseling, collaborating effectively with healthcare teams to ensure optimal treatment outcomes. Skilled in preparing and dispensing prescriptions while adhering to stringent safety procedures. A strong foundation in documenting and monitoring patient medication records complements a passion for delivering high-quality pharmaceutical services. Eager to leverage knowledge and skills in a challenging pharmacy role to contribute to patient health and safety.
