 - ◆ Diploma in Mechanical Engineering
- Dypdc**
2016 – 2017

 - ◆ Certificate in Automotive styling

WORK EXPERIENCE

- TESLA**
Jun 2023 – Apr 2024

 - ◆ **Vehicle readiness specialist (VRS)**
 - Performed vehicle detailing, software updates, and accessory installations to enhance customer satisfaction.
 - Managed vehicle logistics, inventory tracking, and lot organization, ensuring efficient vehicle movement and timely deliveries.
 - Assisted in coordinating vehicle handovers, providing customers with feature demonstrations and support during the delivery process.
 - Maintained accurate documentation for deliveries, inspections, and quality checks.
 - Worked closely with cross-functional teams to optimize workflow and improve delivery operations.
 - Adhered to strict safety and quality control protocols to maintain operational excellence.
- Linamar (CAMTAC)**
May 2022 – Sep 2022

 - ◆ **Machine operator**
 - Operated CNC and automated machinery to manufacture precision Rivian car parts, ensuring compliance with quality standards.
 - Monitored production lines, inspected finished components, and performed quality checks using measurement tools (calipers, micrometers).

- Calibrated and adjusted machines to maintain optimal performance and efficiency.
- Handled raw materials, assembled components, and packaged finished parts for shipment.
- Performed routine maintenance and troubleshooting to prevent downtime and improve productivity.
- Followed safety protocols and quality assurance procedures in a fast-paced automotive manufacturing environment.
- Collaborated with supervisors and team members to optimize workflow and meet production targets.

Adidas

Mar 2022 – Jun 2022

Warehouse associate

- Managed packaging operations, ensuring products were accurately packed, labeled, and prepared for shipment.
- Utilized SAP software for inventory tracking, stock management, and order processing.
- Scanned and sorted products based on shipping requirements, maintaining high accuracy levels.
- Ensured quality control by inspecting packaged goods for defects before dispatch.
- Coordinated with warehouse teams to optimize storage, order fulfillment, and logistics efficiency.
- Followed safety protocols and maintained a clean, organized workspace in a fast-paced manufacturing environment.

P&G

2021 – 2022

Packaging associate

- Led packaging line operations, ensuring smooth workflow, efficiency, and adherence to production targets.
- Operated and monitored packaging machinery, performing adjustments to maintain quality and minimize downtime.
- Supervised and guided team members, delegating tasks to optimize productivity.
- Managed palletizing operations, organizing finished goods for shipment while ensuring proper stacking and load stability.
- Coordinated with logistics teams for delivery operations, ensuring timely dispatch and accurate documentation.
- Used RF scanners and warehouse management systems to track inventory movement and maintain production records.
- Enforced safety regulations and quality control standards, reducing errors and improving efficiency.

S.M.D. Engineering

Jan 2019 – Apr 2021

Construction Supervisor

- Supervised and coordinated multiple construction projects, ensuring timely completion within budget and quality standards.
- Managed labor, materials, and subcontractors, optimizing resource allocation for efficiency.
- Monitored site activities, ensuring adherence to safety regulations and compliance with project specifications.
- Provided technical guidance and leadership to construction teams, troubleshooting issues to maintain workflow.
- Implemented cost-saving measures while maintaining high-quality workmanship.
- Conducted site inspections and progress reports, liaising with clients, engineers, and project managers.
- Ensured quality control standards were met in all phases of construction, from foundation to finishing.

MOTHER'S KITCHEN

Jan 2018 – Dec 2020

Business Owner

- Owned and operated a successful restaurant and food truck business, overseeing daily operations, staffing, and financial management.
- Managed inventory, procurement, and vendor relationships to ensure cost-effective sourcing of ingredients and supplies.
- Handled marketing and sales strategies, increasing customer engagement through promotions and social media.
- Supervised kitchen operations, ensuring food quality, hygiene, and compliance with health regulations.

- Trained and led staff, delegating tasks to maintain smooth service and a positive customer experience.
- Oversaw budgeting, pricing, and financial planning, optimizing profitability and operational efficiency.
- Worked flexible hours, adapting to high-demand periods, including weekends and holidays.
